## All You Need is Red Head Love

And so the last World War I American veteran passed away at 110 years old. Frank Buckles lied to get into the army, and so those lovely red-heads Whole Blow Out and Ballsagna lied they would streak by us at the start! Well, can't complain, HBO did bobble her massive boobs for a whole minute in front of Ben Dover, OHMO, Wrect Him, Pillsbury Blowboy, Sting When I Pee, EO, Victoria Secretions, and Fruit of the Loom. Then Ballsagna wiggled her big firm ass for another minute while EZ and Hairy Twitter dropped to their knees and chanted the infamous words of "Wayne's World" "We're unworthy, we're unworthy". Last Train to Cuntsville arrived late to witness the historic side-show thanks to his gas saving bike, and poor Screw Cap fainted still holding the camera without clicking it.

Now the hash circus was under way in full swing, Jane Fondle wanted to ride on Chinball Wizard's shoulders, but he turned and ran away just like your typical FRB. Where was Ben Dover when you need him? Taking a leak behind a bush.... Meanwhile, Mounds of Joy and 6-9 Split were doing their job collecting cash and marking down names of hashers unaware of the bloodhounds' gone wild episode and our beloved red headed step-children hadn't taken off yet! Then Boy George decided to scale up a concrete pillar with a cigarette in his mouth while R U Pregnant and Tit Mitt watched with amusement and Leaning Hard had enough excitement and turned his bike around and rode off.

Hare tall tales were announced about four beer checks and jello shots then with flour tossed high into air our beloved red-heads took off at a blister pace. Other news this weekend, about 200 goats managed to escape under a barb wire fence, roamed around the 5 freeway and 30 got run over by motorists. They were not so lucky, but hashers are really lucky. The pack dodged traffic going at 50 mph, and Howdy Do Me did not take off into outer space either. There was shiggy to every hard-core hashers delight and our new haberdashery, J.A.K.O.B. decided to set up shop before we stepped into shiggy and started selling flip-flops.

The red babe lips told no lies about 4 beer checks. Indeed there was cold alcohol, but thirsty FRB's and short cutters drank all the suds at the first two beer can stops! Those fuckers, mumbled Free Samples as she stormed off back to the start pulling Cums in the Tube by his ear. The OCHHH red head twins made their first appearance, Taste Great and Less Filling. They are very competitive lovely creatures who use their elbows and pony-tails as bull whips to deter the FRB field, and so they fit perfectly with LBH3's S&M's who believe pain is good.

The trail was laid really well, even Whale Boner, Necro Fishiac, Tissue Tits, and Sosumi didn't get lost or short-cut. It was a great trail. Veteran of Foreign Whores reached the on-in, he got on knees and wept with Princess of Incest by his side. Damm, I was impressed myself, I got watery eyes but jumped into my jeep and took off.

A red shitty hash,  
Ben Dover

### REHASH: THIS DATE IN HASH HISTORY

Once again, LBH3 headed behind the Orange Curtain for the annual Sloshball game. As usual, much pre-hash beer was consumed. Scribe **4H** noted that **SNATCH OF THE DAY** showed up on IR with her arm in a sling, and **KRABS R US** got called up from the Colorado minor leagues to replace her. When the pack took off, we headed through a neighborhood and then into a 'riparian habitat'. (Come on, who else besides **4H** would use those scientific words!) The hares were snared by hashers coming at them from 3 directions at once. They told us where the beer check was, (in a 'conifer forest' with a neighborhood backdrop) and we were off again. Some hashers commented that this was the same trail as last year, only in reverse with less flour and toilet paper. Apparently the other hares had left **SCREW CAP** in charge of stashing flour and he forgot where he put it. We finally reached the on-in and down-downs began. New boots included Christopher (now known as **ANALSLEEZIOLOGIST**) and a bunch of **OC** and **Humpin'** visitors and returners. **NECROFISHIAC** got a 50 run patch and **O.F.F.** got his 569<sup>th</sup>. **ROYAL FLUSH** got the hashit for drinking his beer after he'd let **SCREW LOOSE's** dog drink out of it first. Then it was on to the big game! There were plenty of grand slams (**WET CLAM**, **SCREW LOOSE**, **BLOW INTEREST**, **DOWN WENDY** and **AFTERBIRTH**) and Just Melissa got unofficially named **TIT MITT** after making a spectacular catch with her tits. **SHEEP THRILLS** hit the beer van with a foul ball but no damage was done. After many beers were consumed, both teams were too tired (and wasted) to take the field for the last inning and the game was called a tie.

ALSO IN MARCH 2006 - Run # 1156 on 3/19: new boots included Carmen (now known as **BABY CRACK WHORE**). Run # 1157 on 3/26: Just MaryAnn (now **BUCKSHOT**) was a new boot and we named Darcie (**FLOTATION DEVICES**), Jennifer (**BORN TO BANG COCK**) and made it official that Melissa would forevermore be called **TIT MITT**.
