REHASH: THIS DATE IN HASH HISTORY

Run # 619 Date: 7/25/1996 (15 years ago)

Place: Norwalk

Hares: PADDLE ME SILLY, BROOMHILDA,
HASH GASH

Miles: 5 Attendance: 66

Sometimes the run isn't very memorable, but the on-on sure is! You never know when someone will do something so off-the-wall that a naming – or a renaming – just HAS to happen. The events of this evening began in a parking lot near Norwalk Blvd. and Imperial Highway. Scribe **BUGGER ME GENTLY** reported that the usual pre-run activities took place, including **PMS** complaining that someone poured beer in his flour bag. Nevertheless, the hares headed off due north and the pack followed 15 minutes later. They circled a school, ran past Paddison Farm, and traversed a walkway bridge over a highway. The hares planned a special beer check for **SCOOTER**. It was in the parking lot of a petting zoo so **SCOOTER** could ogle the sheep and maybe indulge in some petting. Then we ran into the lions' den – past the Norwalk city offices and LA county courthouse. **BUGGER** commented, "How many other places could semi-drunk hashers come in direct contact with a building full of police officers and lawyers?" The hashers were aided here by some rollerblading kids who were glad to point out the trail markings that meandered through the building complex. Soon we were back on-in across the street from the start. Most of the pack made it in right at about the one-hour mark. **WANKER** and **SCOOTER** presided at down-downs. We named **WILL WORK FOR FOOD**'s brother-in-law **NERD ALERT**. The hashit was awarded to **FRUIT OF THE LOOM** for something to do with dogs. Then we headed to the on-on at Frantone's. We watched the Olympics on TV and ate our pizza and spaghetti in relative calm until new boot Kelly, who was in the Coast Guard, decided to liven things up a bit and leave her impression on the fish tank that divided two dining sections. She flashed and pressed her 38 DD's up against the tank! Hashers on the other side got a view of fish – and greatly magnified boobies. Hashers immediately cried "Diver Down" and "Fish Bait" but it wasn't until her next hash that she got officially named **HOOTERS IN THE BLOWFISH**. (Well, it was 1996!)

Never trust a Ginger to take you anywhere but HELL

Run #: 1460

Hares: Strawberry Short Dick & None of Your Business

Location: Estancia Park, Beautiful Costa Mexico

Cost: \$5

For All (simplest way there): Take the 405 North or South, depending where you hail from, to Harbor and head South. Pass Baker and make a right onto Adams. Make a right onto Mesa Verde Dr. West and make a left onto Boa Vista.

Mesa Verde is a windy Road, so just be wary using it as a cross street if you're using GPS. Being a Ginger, I believe in predestination. Being the soulless, fairskinned, red headed, spawn of Satan Prince of Darkness, I know I am predestined for Hell. Hopefully after tonight, I just might have some more company down there when my time finally comes.
